

The GUHSD Education Foundation has contracted with the nationally recognized publishing company, Harris Connect, Inc, of Norfolk, Virginia, to complete the production of alumni directories for past graduating classes of seven of our district's schools: El Cajon Valley High School, El Capitan, Granite Hills, Monte Vista, Mount Miguel, Santana, and Valhalla.

The alumni directory is a compilation of photos and memorable moments as well as information about past graduates from the first graduating class to the most recent. The directory will enable all graduates to find and keep in touch with old friends and classmates and become a valuable memento of past high school memories. However, participation in this venture is entirely up to you.

The only information which Harris Connect has received from the district are the names of all graduates for all graduating years of each school involved. As a private enterprise, Harris Connect has done it own research to find the current locations of the graduates, so that the company may contact these alumni and offer the alumni directory for purchase. If you have received a letter or telephone call from Harris Connect, this means that the company has found your current residence through its research.

You have the option of not providing any of your biographical information to Harris Connect if you decide that you are not interested in purchasing your school's directory when it is released during the summer. However, if you decide that you would like your name and contact information published, then you may opt to provide this information to Harris Connect and purchase your official high school alumni directory according to the company's terms. Harris Connect has assured that any information you choose to provide will NOT be shared with any third party.

So you are aware, Harris Connect is a leader in the production of alumni directories, having produced more than 4,000 books for a variety of colleges, universities, high schools, and membership associations all over North America.

If you would like to speak directly to a Harris Connect representative about your school's publication or about the offer, please contact the Harris Connect representative at 1 -800- 927-8189.
